Superior Quality, Lasting Performance”*

ABOUT US

A leading manufacturer of WPC doors, sheets, and WPC digital doors. With a commitment to excellence and innovation, we craft superior WPC doors using a combination of wood fibres and recycled plastic materials, ensuring durability, resistance to environmental factors, and an appealing aesthetic. Our versatile WPC sheets find applications in wall cladding, furniture, and cabinetry, offering a sustainable solution for interior and exterior design needs. At Maica, we embrace innovation by integrating cutting-edge technology into our WPC digital doors, incorporating features like touch screen locks and touch panels.

Quality is our priority, and we strive to exceed customer expectations through personalized customization options. With a strong focus on sustainability, we employ eco-friendly manufacturing practices. Choose Maica from exceptional WPC products that combine quality, innovation, and reliability.
